Figure 8

The diagram shows a large rectangular structure composed of two vertical columns of cells. The left column contains 14 cells, each with a number followed by a horizontal line (e.g., 102, 104, ..., 150). The right column contains 12 cells, each with a number followed by a horizontal line (e.g., 601, 602, ..., 612). A large, empty rectangular area is positioned between the two columns, spanning the height of the 14 rows. An arrow points from the number '600' at the top left to the first cell of the right column (601).
